

Dear School Administration,

The Muslim community of the City of Melissa and adjoining areas (including but not limited to school districts) will be observing the holy month of Ramadan from March 1st through March 30th this year.

Ramadan is a sacred month of fasting and spiritual reflection for Muslims around the world. During this time, all Muslims abstain from food, drink, and other activities from dawn to dusk. Participating in physical activities while fasting can be challenging and could potentially lead to dehydration or other health risks. We request you to excuse the respective Muslim student(s) from athletics and P.E. classes during Ramadan. Student(s) will be willing to participate in alternative activities, such as reading or completing assignments, during these times and should be happy to provide a doctor's note if needed.

We thank you for your consideration and understanding in this matter. If you have any questions or need additional information, please contact the parents or Imaan Masjid of Melissa directly at [admin@imaanmasjid.org](mailto:admin@imaanmasjid.org)

Sincerely,

*Musab Jafri*
